

**What is the Marijuana Policy Project?**

With more than 14,000 members nationwide, MPP is the largest marijuana policy reform organization in the United States. MPP works to minimize the harm associated with marijuana — both the consumption of marijuana and the laws that are intended to prohibit such use. MPP believes that the greatest harm associated with marijuana is imprisonment. To this end, MPP focuses on removing criminal penalties for marijuana use, with a particular emphasis on making marijuana medically available to seriously ill people who have the approval of their doctors.

**What will I receive by signing up on MPP’s e-mail list?**

MPP sends several messages to its e-mail list every month. The content of the messages usually falls into two categories: (1) short news updates on late-breaking developments in marijuana policy, and (2) legislative updates that urge subscribers to visit MPP’s Web site for the purpose of e-mailing or faxing pre-written letters to their elected officials. All of MPP’s e-mail alerts include a link that people can use to make on-line donations to MPP, but MPP does not structure its e-mail messages as fundraising appeals.

**Yes, I want to fuel MPP’s aggressive lobbying campaign on Capitol Hill by making the following donation:**

- \$1,000    \$250    \$100    \$40    \$25    other \$ \_\_\_\_\_

- I have enclosed a check or money order.
- Please charge this donation to my credit card.

→  
*Please provide name, address, and credit card information on reverse.*  
→

Because MPP devotes 100% of its efforts toward influencing public policy, contributions are not tax-deductible.

**Keep me posted via e-mail:** \_\_\_\_\_@\_\_\_\_\_.

**How does MPP spend its membership donations?**

MPP is spearheading a number of campaigns during the 2003-2004 election cycle, including (1) lobbying a handful of state legislatures in New England to pass medical marijuana bills, (2) running campaigns to pass medical marijuana ballot initiatives in three states in the heartland in November 2004, (3) lobbying Congress to pass the national medical marijuana bill that is currently pending, and to start the process of passing a bill to end the prohibition on all uses of marijuana, (4) working with reporters to ensure that MPP's message is included in mainstream news coverage, (5) launching a public education campaign in one target state for the purpose of later passing a ballot initiative to regulate marijuana similarly to alcohol in that state, and (6) filing a series of legal complaints against the White House drug czar's office, which has been illegally using taxpayer money to campaign against MPP's efforts — all of which are privately financed with voluntary contributions.
