

An International African Stories Video Fair

Pledge your Support for Video Exhibitions

In Very Visible Colours has secured widespread support from all levels of government and from individual foundations. However, we continue to seek individual and corporate sponsorship to ensure *In Very Visible Colours*' success.

The average variable monthly cost of screening *In Very Visible Colours*, An international African Stories Video Fair production is **Z\$376,016.67**. Over the next six months we will be giving 117 screenings, reaching an average of 3000 people per show, for a total of 351,000 people.

Help us meet the cost of bringing African videos to rural and high-density people by pledging your support and purchasing "tickets" on their behalf. Tickets are **Z\$100** per person. Donors' names will be acknowledged in the 6000 video fair programs. In addition to the donations listed below, we would be pleased to discuss other kinds of donations and donor recognition.

YES! I would like to pledge my support!

Please check one.

- I'll purchase 1000 tickets (Z\$100,000 or USD\$2,000).
