

The first round of games have been completed, and Bristol City Reserves lead the way! Two goals each for Germany's Miroslav Klose and Aussie Tim Cahill along with clean sheets from keeper Buffon and defenders Terry, Mellberg and Roberto Carlos have given Andy Doig an 8 point lead over Spence Green's South Coast Superstars, but it's early days yet.

Many thanks for the record entry of 63 in particular many thanks to Pud and his colleagues in Afghanistan, we hope they enjoy the world cup, whilst doing a great job in difficult circumstances.

A reminder that when the first round is complete please send me details of your replacements either by email or contact either Mike or myself. You can replace any players from countries knocked out with players from the same seeding group. You can also replace any players ruled out by injury for the rest of the tournament e.g. Serbia's Nemanja Vidic who many of you have picked but injured his knee in practice and is out of the rest of the tournament. Depending on which teams are eliminated we may relax the rules on only three players from each group so keep an eye on the website for details.
