Parts List - Pennsylvania Panzer Tractor Models 1107 and 1110

This parts list covers all parts which can be supplied individually by Pennsylvania Lawn Products, Inc. In all cases where standard hardware, belts or similar parts can be used their sizes are indicated. These can usually be obtained locally.

Engines are covered by separate Engine Mfg. warranty and parts list. Parts for them are not handled by Pennsylvania, but must be obtained from Engine Dealers.

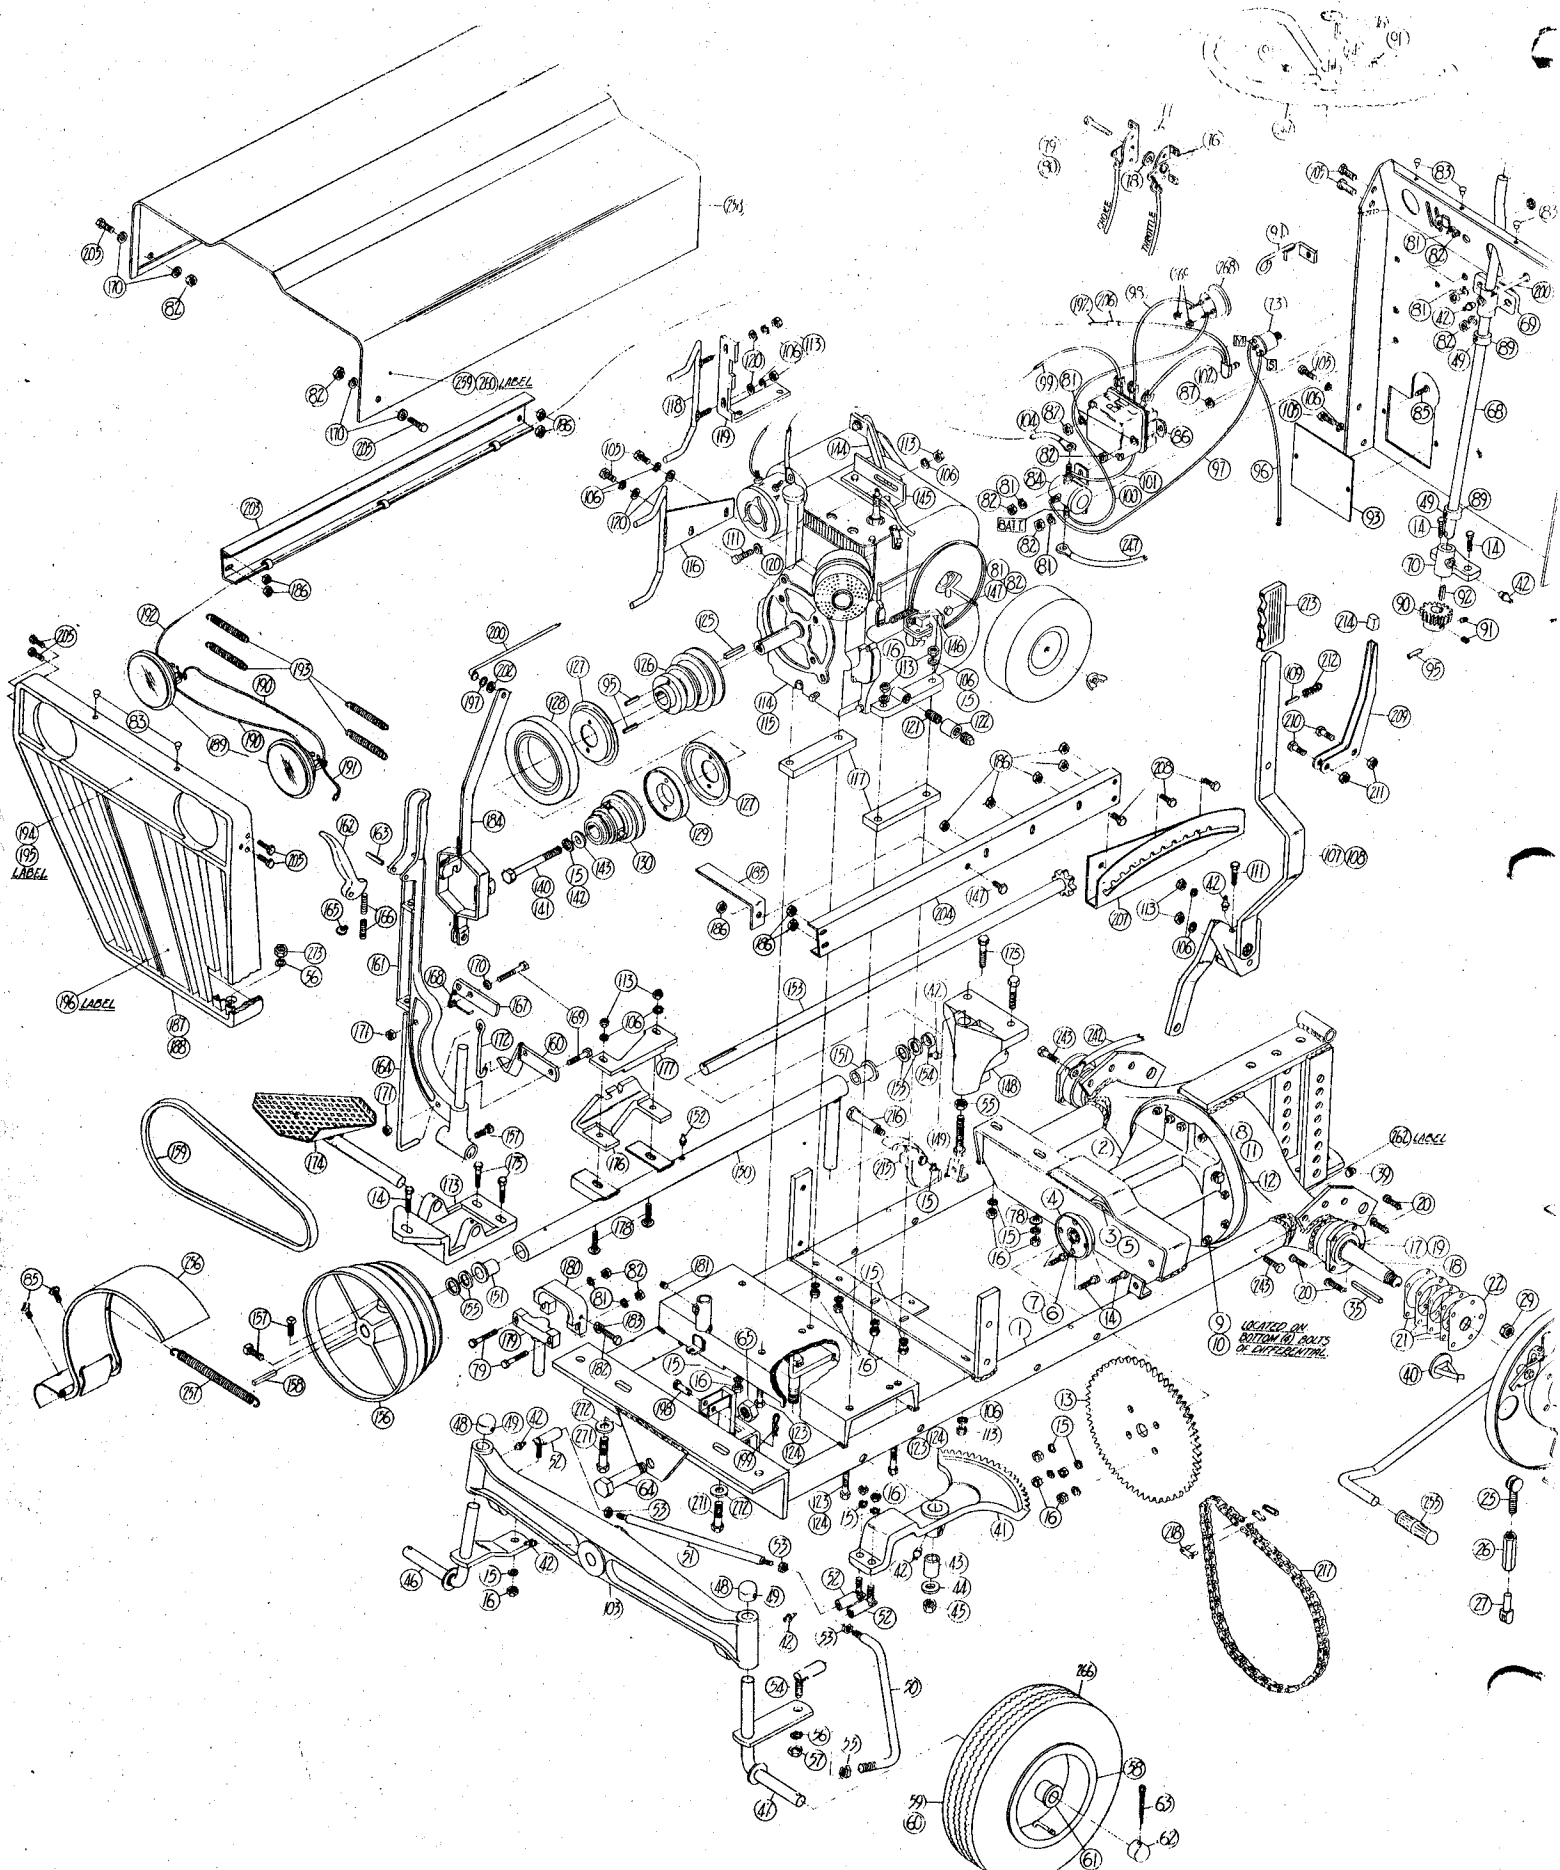

The entire Panzer rear axle assembly is a rebuild

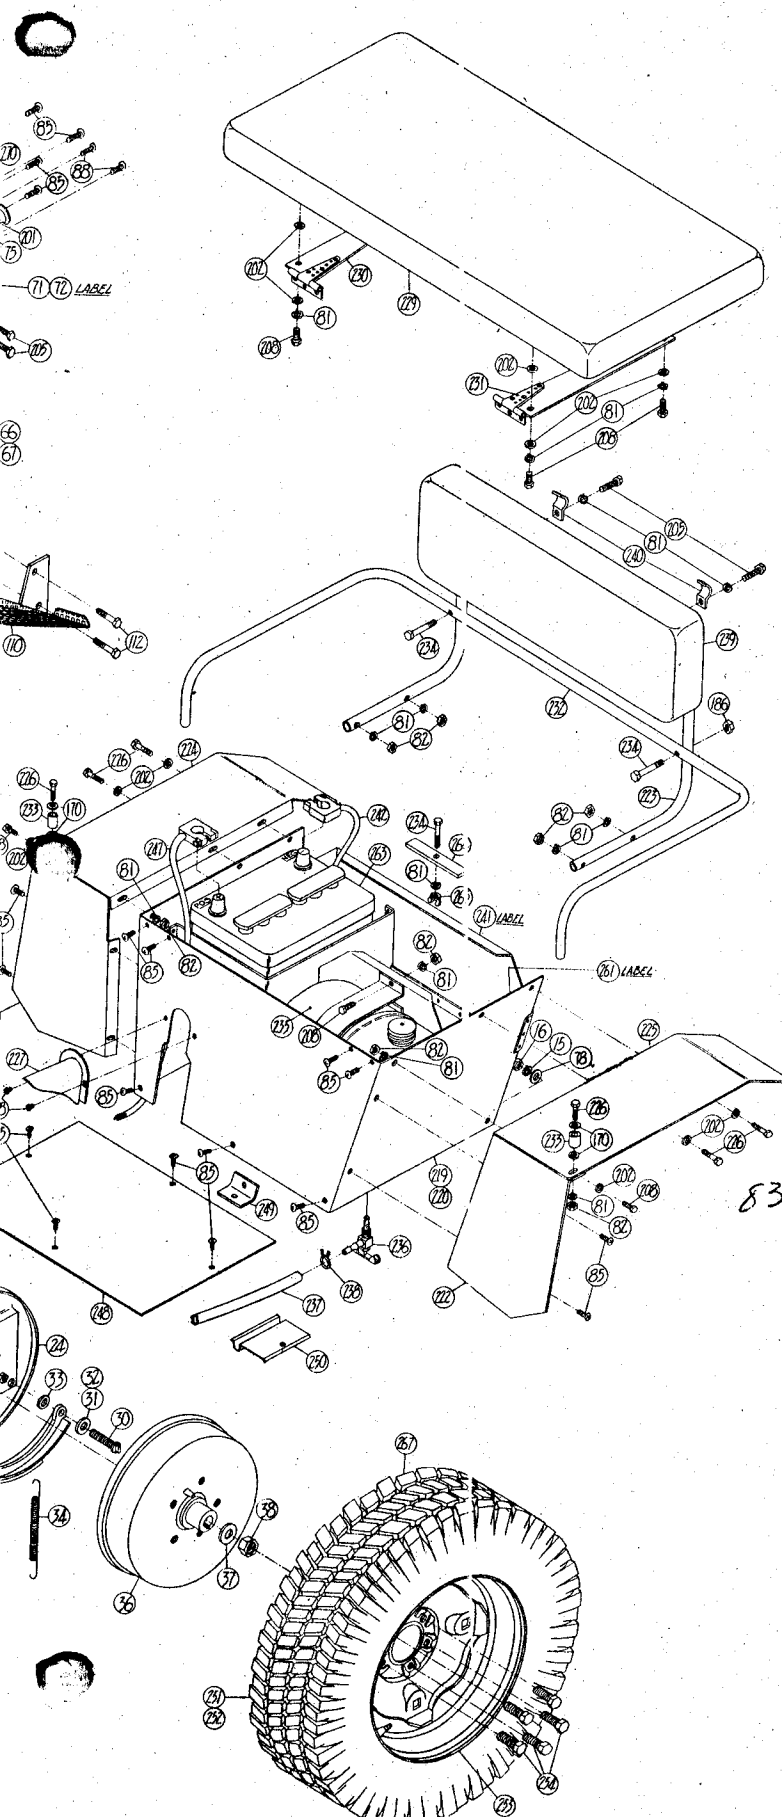

Plymouth rear end. Where regular automobile repair parts can be used this is indicated by *. Rears from a wide range of years prior to 1957 are used but only in case of oil seal size and number of axle spline teeth is there significant difference. No axle outer seals are reinstalled in Panzer tractor rear ends.

Pennsylvania Lawn Products reserves the right to change parts, design, materials and specifications without notice and without obligation to so alter previously made units.
