

# The Everything Room

(Alias “The Second Bedroom”)

Presently we use the second bedroom as an office and a sewing room for me & my wife.

In addition, we use it as our Library by utilizing two 8 foot by 4 ft bookcases. If needed as a bedroom, this room would be perfect for a “Murphy Bed” or convertible queen sized sofa so that it could be used by day as an office or sewing room as well. Moreover, Mahogany doors line the custom closet.
