

# Halifax CTC SUNDAY RIDES

April - September 2009

Well, my usual comments on the past year's weather, as though you can't remember the lousy summer and worse winter. I still managed to get out most weeks (when I wasn't ill).

There is the usual variety of rides this summer, generally between 50 and 80 miles. Remember, if you don't want the full day ride just come to morning coffee.

The Spring and Autumn Audax rides from Hebden Bridge are on again with some altered routes, along with the Red Rose Ride in June.

Two car assisted rides again this year, please inform the leaders in advance if you wish to go on these so that transport can be arranged.

I hope you see you out on as many rides as possible; this summer the weather MUST be better.

Any queries, contact the ride leader, event organiser, or me; a list of telephone numbers is provided.

## John Keighley

**Easy Rides** have quiet routes of up to 35 miles designed by experienced cyclists who lead the rides and ensure that the pace of the ride is moderate and that nobody gets left behind. **Club Rides** are generally between 60 and 80 miles, with an easy pace that cyclists of moderate experience can cope with. The group aims to stay together the whole of the ride. **Long Rides** are more suitable for cyclists with a little experience: the pace is faster and the distance at least 80 miles and often 100 miles or more in a day.

**Standard rides & Audax events** offer the chance to ride a set distance inside a set time limit. Events are held at various distances and time limits to suit most people. For more details, see P.11

**MEETING POINT DETAILS** for all rides Please note that the times given on the rides lists are the times to meet and that the rides should start 15 minutes after this time.

**Dews** = Dewsbury Minster

**EB** = Elland Bridge, by bus shelter on A6025 leading to A629

**FBN** = Fairburn Village Hall (nr. Castleford)

**HB** = Salem Community Centre, Hebden Bridge

**Hx** = Halifax - Oddfellows Rooms, Coleridge St.

**O** = Ovenden, Jn. of A629 & Shay Lane by Ron Lee Motors
