

Niteworks™ is a revolutionary dietary supplement containing an exclusive blend of L-Arginine and L-Citrulline with other ingredients that trigger the production of healthful Nitric Oxide. This is important, because as you age, production of Nitric Oxide, the naturally occurring compound which affects circulatory vessel dilation and elasticity, declines. And if cholesterol-laden plaque builds up in an artery, the opening shrinks, blood flow decreases and can even be blocked with formation of a clot, causing cardiovascular health risks.

Scientists have discovered that Nitric Oxide dilates or expands arteries and regulates cell function throughout the body. Increased Nitric-Oxide production improves circulation to the body's vital organs, including heart and brain. Discoveries relating to Nitric Oxide led to Dr. Louis Ignarro and two other scientists winning the Nobel<sup>†</sup> Prize in Physiology or Medicine in 1998.

Herbalife teamed with Dr. Ignarro to develop Niteworks™, a lemon-flavored powder mix. Niteworks™ is formulated to help you create more life-supporting Nitric Oxide during the night, when Nitric-Oxide levels are naturally at their lowest.\*

Exclusive to Herbalife, patent-pending Niteworks™ takes Cellular Nutrition® to the next level with targeted nutrition that helps your circulatory vessels dilate, protecting your overall cardiovascular health and slows your body's clock on internal aging.\*

## DISCUSSION POINTS

■ **Nitric-Oxide benefits:** Through vascular nutrition, you can increase the production of Nitric Oxide, which "exercises" or expands your vessels, increasing their youthful elasticity.\* In addition, Nitric Oxide is an important biological messenger that causes a cascade of benefits at the cellular level, which can improve circulatory, immune- and nervous-system function.\* Nitric Oxide influences the functioning of virtually every organ in the body, including the lungs, liver, kidneys, stomach, brain and, of course, the heart.\*

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

<sup>†</sup> The Nobel Prize is a registered trademark of The Nobel Foundation.

\*\*\* Some scientific evidence suggests that consumption of antioxidant vitamins may reduce the risk of certain forms of cancer. However, FDA has determined that this evidence is limited and not conclusive.

■ **Nutrition that counts:** Exercise and certain foods promote the production of Nitric-Oxide in your body. Niteworks™ is designed for nighttime consumption when your body is producing the least amount of Nitric Oxide from food and exercise. However, this product can also be used during the day. Regardless, it would be difficult to ingest the same amount of L-Arginine from foods as your body gets from Niteworks™.

■ **Great taste:** Blend Niteworks™ powder mix with 8 oz. of water or sparkling water for a refreshing lemon-flavored drink. For a different flavor combination, mix with your favorite juice. Be sure to use the recommended two scoops of powder mix for optimum effectiveness.

■ **Exclusive patent-pending formula includes:**

- Proprietary combination of L-Arginine and L-Citrulline to promote Nitric-Oxide production\*
- Comprehensive antioxidant system to protect Nitric-Oxide levels\*
- Alpha Lipoic Acid to enhance the activities of the antioxidant system\*
- Folic Acid to protect the vascular system\*
- Lemon Balm to soothe and relax you\*

## DID YOU KNOW?

In 1998, along with two other scientists, Dr. Louis Ignarro received the Nobel Prize in Physiology or Medicine for "discoveries concerning nitric oxide as a signalling molecule in the cardiovascular system."

## FAST FACTS

- Keeps blood vessels toned, flexible and youthful for improved vascular function\*
- Promotes a healthy cardiovascular system\*
- Enhances blood flow to support function of heart, brain and other organs\*
- Slows the impact of age on health for superior performance\*
- Wake up after sleeping better due to lemon balm's soothing benefits
- A citrusy lemon-flavored powder that mixes with water or juice-based beverages
- 30-day supply

## SUPPLEMENT FACTS

Serving size: 2 Scoops (About 9.7g)

Servings per container: 30

|  | Amount per serving | %DV** |
|--|--------------------|-------|
| Calories                                     | 30                 | 5%    |
| Vitamin C (As Ascorbic Acid)                 | 500 mg             | 833%  |
| Vitamin E<br>(As d-alpha tocophenyl acetate) | 400 IU             | 1333% |
| Folic Acid<br>(As Folate & Calcium Folate)   | 400 mcg            | 100%  |
| Proprietary Blend                            |                    |       |
| L-Arginine, L-Citrulline                     | 5.2 g              | †     |
| Lemon Balm Extract                           | 50 mg              | †     |
| Alpha Lipoic Acid                            | 10 mg              | †     |

\*\* Percent Daily values are based on a 2,000-calorie diet.

† Daily Value (DV) Not Established.

**Other Ingredients:** Natural Flavor and Sucralose (non-nutritive sweetener).

Rich in antioxidant vitamins C and E. According to the FDA, "Consumption of antioxidant vitamins may reduce the risk of certain kinds of cancer."\*\*\*
