## PAST, PRESENT & FUTURE !!

Rock legend Ken Hensley (Uriah Heep) returns to the Sweden Rock Stage with a package of high energy surprises...

Following the May 2007 release of his star-studded and critically acclaimed concept CD, 'Blood On The Highway' and the October release of his autobiography under the same title, Hensley comes to Solvesborg to premiere the third part of the Blood On The Highway trilogy, the live DVD filmed in Hamburg.

With a 40+ year career and 40 million records sold, Hensley shows no sign of slowing down or letting up and is in fact, already in development for his next CD, 'Love & Other Mysteries', to be released in Spring of 2009 on his new label Politur Rock.
